

ECL- 600 ALARMED HEAVY LATCHING DEADLOCK SERIOUS SECURITY FOR EMERGENCY EXIT DOORS

DETEX ECL-600 is a heavy-duty, stand-alone, surface mounted, latching escape lock with a large red exit paddle. Standard signage is in both English and Braille. **Pushing the paddle withdraws the latch-bolt and the deadbolt simultaneously, sounding a loud 95 dB alarm**, enabling an immediate reaction. **After escape, the door re-locks automatically** (door closer not included). The alarm is reset by means of the by-pass key, which also re-locks the deadbolt. No wiring or external electronics are required for battery-only models.

BENEFITS:

- Withstands 1000 Kg outside pull force
- No special knowledge needed to escape
- Prevents unauthorised access from outside
- Alarmed exit device – no wiring or external power required for standard 9 volt version

FEATURES:

- **10 year limited factory warranty**
- Corrosion resistant alloy lock body
- Not handed - fits left or right hand doors
- Warnock-Hersey labelled 3 hour fire rating
- Loud 100dB internal battery operated alarm
- Easily replaceable battery behind locked cover
- **Saw-resistant 25mm deadbolt resists outside attack by crowbars.**
- **Heavy-duty stainless steel latch-bolt re-latches automatically when door is closed**
- Supplied with 9-volt alkaline battery (replacement = Duracell MN1604 / Rayovac A1604).

OPTIONS:

- Internal key bypass cylinder can be keyed-alike, master-keyed, and /or high security
- External key by-pass requires **ECL-620** outside handle for authorised entry – cylinders can be keyed-alike, master-keyed and / or high security
- Power supply, PC board and door loops for connection to 220V AC supply
- For double doors - ask for extra hardware for fixed leaf

DETEX ECL-600 is ideal for stairwells, supermarkets, conference centres, restaurants, shops, warehouses, office buildings, stock rooms, factories or any premises where the fire escapes are likely to be abused to endanger lives or pilfer high value items. Easily fitted using standard carpenter's tools and the templates provided. More information on other **DETEX** panic and emergency exit hardware is available at www.detex.com
