## **ATTENTION: SAFETY & SECURITY MANAGERS**

### **BREAK-GLASS BOLTS & KEYS ARE NOT ALLOWED ON FIRE ESCAPES!!**

We have viable, legal solutions for securing warehouses, shops supermarkets, offices, factories, as well as fire & exit doors!

**Keys in break-glass boxes, and break-glass bolts are not acceptable for use on fire escapes**  
**Any device requiring a special knowledge or tools, a key to be used, or a glass to be broken, does NOT constitute an acceptable fire escape in any public, residential or commercial building!**

**YOU ARE OBLIGED TO ALLOW FREE ESCAPE FROM INSIDE  
– BUT ARE NOT REQUIRED TO ALLOW ENTRY FROM OUTSIDE  
unless such entry- by key or electronically - suits your operational needs.**

We have been protecting people and assets since 1975, using high security locks, **fire-rated panic and emergency exit hardware**, and other cost-effective legal solutions for fire escapes, which also include:

- Biometrics
- Door closers
- Panic & exit hardware
- Electric locks & strikers
- **Hands-Free opening & closing**
- Access control on fire escapes
- **Alarmed panic bolts and panic latches**
- Panic Bars with external key entry facilities
- **High security locks with registered keys**
